**LINDA'S LINES**

Do you sometimes look around you during worship or Sunday School and wonder where people might be whom you have not seen for a while? I urge you to contact those people and invite them back. Perhaps, they are ill or just need an encouraging call. Will you pick up your phone right now and call someone? One of the purposes of the church is to minister to each other. Thank you for helping to make that sense of community better by caring for one another!!

On another note, we have a need for more workers to help with our precious "little ones" during Sunday morning worship. If you are willing to be added to the list, please contact me as soon as possible. Caring for our children is such a vital ministry within our church.

On a similar note, the church building must always be a safe place for all people, especially our children. We have a group currently working on policies related to this; however, we ask that you please continue to abide by the following regulations which have been in place:

- Only adults are allowed to pick up children from classes/activities.
- No one should be in the preschool or children's department at any time unless they are a worker for the class/activity, a staff member, or a parent or adult family member dropping off or picking up a child.
- There are always to be two approved adults working with all classes of children or youth.

Thank you for your help.

And, as always, please pray: "Lord, Send a Great Revival!"

**YOUTH AND CHILDREN'S MINISTRY**

Chris McWhorter - Minister of Youth and Children

What is the elephant in the room? The elephant in the room is the battle against sexual temptation. The temptations our youth face today are everywhere and more and more youth are losing the battle to sexual temptations. How do young men survive the onslaught of lust thrown at them through movies, tv, video games, music, and the internet? Guys aren't the only ones fighting the battle for purity. The statistics on pornography are astounding: 70% of males age 18-24 visit porn sites in a typical month, while 1 in 3 porn viewers are women. The scariest part...these statistics are from 2006. Most youth don't realize the detrimental effects pornography can have on them until it is too late. Youth will learn how the sexual battle begins in their heart and mind and develop a plan to rise above today's debased, self-seeking culture by examining God's standard. Youth will learn to train their eyes and minds and clean up their thought life. We will be going through two books over the next several weeks in addition to using Scripture. Every Young Man's Battle and Every Young Woman's Battle by Stephen Arterburn. I highly recommend every youth to purchase a book whether this is an issue they struggle with or not.

Just wanted to thank everyone who helped participate in the youth fundraiser by renting a booth or donating items. We were able to raise over \$700 at the yard sale and cover several youth to attend camp. THANKS!!!
